

Michael BERNOFF

“ The more effective your communication...
the more doors of opportunity will open to you. ”
-Michael Bernoff

Michael gets results.

You're reading this because you're searching for something. Or someone... someone so unique and so capable of taking someone's potential and showing them how to be the person they've always wanted to be...and to get where they've always wanted to go. Someone who can transform each and every person in your audience to live life at a higher level. To transform.

Your search is over.

For the last ten years, Michael Bernoff has been transforming the lives of thousands of people...igniting a momentum inside them that lasts a life time.

“ I can already feel that my life has shifted. ”

- Fawn P, Colorado

“ I have never felt so inspired, so motivated... and had it last! I've been taking action ever since... ”

- Stanley J, Pennsylvania

“ I took lots of notes, but more importantly, I am putting some of it into action already. ”

- Julie, Arizona

Transforming lives through action

You know what you need to do. The trouble is getting yourself to do it. Michael teaches very sophisticated strategies that are easy to implement into your life. It's like this...a big portion of the world faces the same challenge.

They Decide

They Commit

and when it gets challenging...They Quit.

(has this ever happened to you? With a diet, a business, a goal?)

Now it's time to:

- Decide
- Commit
- Follow Through (this is the part where people get lost)

That's where Michael comes into the picture.

Michael gets people taking **CONSISTENT** Action

Then they get positive **RESULTS**

And they make **PROGRESS**

And their **CONFIDENCE** grows

And they feel fantastic

and they do more and **BECOME MORE**

and are excited to keep doing it

It's called **PASSION** and **CONFIDENCE** and fulfillment

In business and in **LIFE**

Massive action doesn't work

Ever wonder why people talk about massive action and setting goals?

Because if you take a look around you, you'll see that the majority of people (maybe even the people that are around you right now as you read this) are not Getting their goals.

And if they were taking Massive Action, chances are after a while...they burned out.

It's the whole reason the saying "one step in front of the other" was said in the first place.

What Michael teaches works.

His sophisticated, cutting-edge (yet simple to understand) strategies work... and WILL get you moving in the right direction!

Strategies that work

They are working right now as you read this...
in the lives of people who've learned from Michael already.

It's working in homes that are happier.
In relationships that are more fulfilling.
In businesses that are **GROWING**,
in organizations that are bringing change.
and in the **LIVES** of those individuals that are
RIGHT NOW making it happen all over the world.

Why doesn't it wear off?

So, by now you've been reading through this entire document and thinking

“This guy sounds pretty good!”

Yet we've all listened to someone give a presentation and gotten all fired up, right? And then you go home and the feeling fades away.

Or maybe you even go home and use some of what you learned, made a little progress and felt pretty doggone good!

With Michael, your RESULTS WILL LAST:

Michael is real...and people can feel it. He's so focused on making sure people get results, and so committed to overdelivering...it comes across as he's speaking. That alone gets people on the **EDGE OF THEIR SEATS** And then there's Michael's dynamic, fun-loving and easy going style that keeps people **LISTENING AND LEARNING**. His direct and straight-forward approach will keep your audience captivated. His cutting-edge strategies are so sophisticated, yet so easy to incorporate...everybody can adopt them and begin to see results immediately.

What people are saying...

My name is Ted Silverberg, My resume includes Student of life, President of the MLMIA and President and owner of BIOMETICS Intl Inc.

My Passion and purpose in life is to facilitate people to experience Happier, Healthier, more fulfilling lives. Several years ago Michael Bernoff and I met at a Personal growth function for a group of Biometrics people. Michaels ability to connect with, inspire and motivate people to perform at their best is incredible! I have enjoyed the hundreds of "motivational speakers" I have met and worked with in my life. Quite honestly NONE were more effective than Michael Bernoff. I don't hesitate to share with you, that if you want to see MASSIVE improvement in personal growth and success, put people in front of Michael.

I know I will for years to come.

I want to take time to thank you for helping to push me toward completing the goal of writing my first book. It has now been published and the press release goes out today! In appreciation I am sending copies of my book to both of you, so be on the look out. When I participated in your tele-seminars on the phone and in person (Core Strength Experience Phoenix, 4/2010) your radical training styles forced me to take a look at myself and begin to focus on what I really wanted to do.

Thanks, again.

Janet Givens, Author

"I started on the path of personal development with Michael Bernoff about 3 years ago. I am a totally different person. My confidence has increased as a physician, speaker, presenter and networker. I have learned and implemented effective ways to better communicate with my patients, family members, my husband and business relationships. It truly has transformed my life on so many levels. On a business level, I was scared to open my own practice and was standing in my own way. I realized after a call with Michael, that when I stepped out of my comfort zone, I would be one step closer to what I truly desired in my life. Since then, I have opened my own medical practice and just celebrated my one year anniversary at my new location. My income has doubled in the last 2 months and I am looking to double it again very shortly. It all came down to making a decision to better myself. I am more consistent in pushing myself to grow and teach it to my patients and my own children. It is an amazing investment that I will cherish forever. It was the best gift I gave myself and everyone I come in contact with benefits."
